TECHNICAL RIDER

DJ Booth & Equipment

Pioneer CDJ-2000NXS2 x2 + Pioneer DJM-900NXS2
(or newer equivalent Pioneer/AlphaTheta hardware)

Requirements:

All equipment must be fully functional and running the latest firmware.

USB ports must be easily accessible.

No faulty buttons, faders, jog wheels, screens or audio outputs.

Mixer must have clean Master and Booth outputs.

Booth Requirements

Stable, vibration-free DJ booth/table.

Adequate ventilation or a small fan in warm venues.

Booth monitor (mono is fine), positioned within 1 meter, with independent volume control.

Audio

Professional PA system appropriate for the size of the venue.

Soundcheck at least 30 minutes before doors open (if possible).

HOSPITALITY RIDER

Backstage / Preparation

Access to a quiet backstage or preparation space 30 minutes before the performance.
Safe place to store personal belongings (bag/laptop).

Drinks

During the set:

Still water

Cola

Before the set:

Black coffee

Food (for sets over 2 hours)

Simple meal or sandwiches.

Light snacks.

Other

Parking within walking distance of the venue.

Clear communication about set time and booth location.
